# Care About Childcare

Attention Licensed Child Care Providers:

Effective October 1, the subsidy payment rates for parents using licensed family and licensed center providers are increasing.

The increased rates are based on the [2017 Child Care Market Rate Study](#) of child care providers in Utah.

**The rates are set at the 60th percentile of monthly provider rates. A copy of the new rates may be found [here](#).** The rate increases range from \$18 up to \$42 per month per child, depending on age and type of care.

The rate increases were made possible through Congressional funding of the Child Care and Development Fund.

**Additionally, the Income Eligibility and Co-Payment tables for Employment Support Child Care have been updated and go into effect October 1. The updated tables can be found [here](#).**
