

Care About Childcare

Dear Provider,

Budgets are tight and running a child care business has never been more challenging or time consuming. What if you could save time and money while also managing your program more effectively?

This email is to let you know about an exciting opportunity! If you are planning to attend the UAEYC Early Childhood Conference in March, you are encouraged to sign up for two classes that are especially for program owners and directors.

Libbie Poppick of Opportunities Exchange will be presenting two classes about the business side of ECE.

*The first workshop will be held during Session 1 and is titled **Business Leadership and the Iron Triangle of ECE Finance** (workshop 122.) This workshop is about increasing revenue in your program.*

*The second workshop will be held during Session 2 and is titled **Shared Services 101** (workshop 232.) This session focuses on reducing program expenses through shared services.*

If you have already registered for the conference and would like to attend these classes, you may change your session registration by following the link in your registration confirmation email until Monday, February 12th. If you have difficulty changing your registration, email assist@uaeyc.org for assistance.

Please note that if you unsubscribe from this email, you will be unsubscribing from all emails sent out by URPD, CAC and OCC. This would include emails relating to grants, childcare subsidy and professional development. Please contact your local [CAC office](#) with any questions or concerns about emails you receive.
