Dear Child Care Providers,

Effective October 1, 2019, the following changes are being made to the Employment Support Child Care Assistance program administered by Department of Workforce Services, Office of Child Care.

- The Child Care Income Eligibility and Co-payment Table is being updated. These changes may have an impact on some family’s co-payments or eligibility for subsidy. This year, the Office of Child Care has increased the income eligibility limits that are used when a customer applies for child care and when a case is reviewed for ongoing eligibility. This means that potentially more families may qualify for child care assistance and remain eligible for a longer period of time as their household income increases.

- The infant and toddler (0 through 23 months) subsidy rate is increasing to the 75th percentile of the most recent provider market rate survey for families using licensed family or licensed center care.

To see the changes, click on the updated tables below:

2019 Income Eligibility and Co-payments

2019 Maximum Monthly Child Care Payments

As a reminder, rate changes made to monthly, full-time rates in Care About Child Care are updated with DWS the following month.

- The Child Care Quality System (CCQS) will also be implemented effective October 1, 2019. You will receive more information about CCQS
through other notices.

For questions related to child care assistance, email occ@utah.gov.

For questions regarding CCQS, contact your local Care About Childcare’s CCQS Specialist or email ccqs@utah.gov.

Please note that if you unsubscribe from this email, you will be unsubscribing from all emails sent out by URPD, CAC and OCC. This would include emails relating to grants, childcare subsidy and professional development. Please contact your local CAC office with any questions or concerns about emails you receive.
