Dear Carrie,

The Early Childhood Utah Advisory Council: Early Care and Education Subcommittee invites you to participate in a survey as someone who works in a program with children birth to age 8 or has a vested interest in supporting early childhood care and education. Early Childhood Utah has a goal to “promote and support a strong foundation of health and well being such that all Utah children enter school ready to learn and go on to lead healthy, happy, and productive lives.”

Your input is valued and is important, as data from this survey will help us inform policies and practices that will support early childhood programs in Utah. It will likely take about 15 minutes to complete the survey.

You can access the survey HERE through March 6, 2020.

Your participation in the survey is voluntary. The survey answers will be collected electronically through the Google Drive forms online survey tool. No names will be included on the electronic records for the surveys. All the information collected will be anonymous. Any potentially identifying information will be kept strictly confidential. Data will be reported in aggregate.

For questions about the study, contact Natalie Brush, natalie.brush@uhsa.org.

If you have already received this email and participated in the survey, thank you. You will not need to do it a second time.

If you still want to complete the survey, GOOD NEWS! It is a mobile friendly format, so you can fill it out on your phone.

Your participation is appreciated!
Please note that if you unsubscribe from this email, you will be unsubscribing from all emails sent out by URPD, CAC and OCC. This would include emails relating to grants, childcare subsidy and professional development. Please contact your local CAC office with any questions or concerns about emails you receive.
