**SUBJECT: REQUIRMENTS OF TRAINING FOR CAREER LADDER CONSIDERATION**

**RATIONALE FOR SUBJECT:**

**X DEFINITION OF PROCESS**

**REVISION DATE: JULY 1, 2017**

**PAGE NUMBER 1 OF 2**

**I. PURPOSE**

Outline requirements for considering training that is eligible for the Utah Child Care Career Ladder Level & Endorsement Awards.

**II. POLICY**

The following requirements must be met for training hours to be considered for Career Ladder awards:

- a. Continuing Education Units (CEU's) and college credits that are used to advance a level on the Career Ladder or Endorsement Certification must have been completed within the last five (5) years from application date. To determine the expiration date of community-based or college credit where training was obtained over multiple days, the expiration date will be the last day on the certificate or the end of the semester. For example, Fall semester classes will not expire until December 25, five years from the semester year. Career Ladder Courses counting as valid after 5 years will be determined on a case-by-case basis by the provider working with their local CAC staff to obtain a waiver.
- b. Applicants may use CEU's or college credits for Career Ladder Levels 5– 8 that have not already been used for a previous level of certification. CEU's cannot be used for Levels 1 - 4.
- c. CEU certificates **MUST** have the date completed and the number of CEU's granted printed on the CEU certificate and must be awarded by an approved child care training program or accredited institution of higher education.
- d. College credits or CEU's **MUST** have been completed within the last five (5) years, and **MUST** have been completed **AFTER** the most recent level of certification was processed by CCPDI.
- e. College credits and degrees must be from an accredited college or university. In addition, the agency accrediting the college must be recognized by the US Secretary of Education.
- f. Courses eligible for more than one kind of Career Ladder credit (for example, community-based courses which offer training hours, but also offer CEUs or college credits) may only be used to meet the requirements of one Career Ladder Level. For example, the same course cannot be used for one Career Ladder level as a community-based course, and again for another level as a CEU or college credit. All training used for a level advancement must be the same form of training (i.e. All training must be Career Ladder courses, CEU courses, OR college credits per level).
- g. Only approved community-based training will be accepted. For a list of currently approved Career Ladder community-based training, refer to the URPD website. <http://urpd.usu.edu>
- h. In order to earn a Level 4 on the Career Ladder, proof of a valid Demonstrated Competency Certification (DCC) must be submitted. Example a CDA. For a list of approved DCC's please contact URPD. The approved list of DC's can also be found on the URPD website. <http://urpd.usu.edu> For providers who choose to get a DC using options other than a CDA, they will need to have an observation by an approved observer with a minimum score. Approved observers include approved CAC staff and individuals that are recognized as Professional Development Specialists by the Council for Professional Recognition or have gone through the URPD Observer Approval Process. A list of URPD approved observers can be found on the URPD website. <http://urpd.usu.edu> The cost of the observation is the responsibility of the provider.

If a DC was not used initially to earn a Level 4, a provider has until July 1<sup>st</sup>, 2018 to come into compliance.

- i. When using college degrees that are older than 5 years, one of the following must be met:
  - A resume submitted showing that the candidate has been working for pay in the field at 75% of the time since their degree was awarded.  
OR
  - Have earned a Level 8 on Utah's Career Ladder  
OR
  - Been working at least 20 hours in a paid position for at least 5 years from the PD Award application date and have completed 40 hours in Utah Career Ladder approved classes, **OR** completed a 3 credit college course in Early Childhood or related field **OR** completed 2 CEU's in Early Childhood or related field.

### III. PROCEDURE

URPD will utilize the Utah EC/SA Work Force Registry to verify CAC Career Ladder Training and the required college transcripts, CEU certificates or DC to verify other training when processing and approving applications.

**I. PURPOSE**

To define what constitutes a complete application versus an incomplete application.

**II. POLICY**

A complete, original application is one that is received at URPD that includes all required written information and all supporting documentation. If an application is received without complete written information and needed documentation, or if it is not the original written application, it will be returned and considered never submitted. It is an applicant's responsibility to ensure all paperwork is included and up-to-date when submitting their application.

The official received date to URPD will be when all supporting documents and the completed application are turned in together.

**III. PROCEDURE**

URPD will contact any applicant by phone that has missing information that can be remedied by phone and/or email within the first two weeks after the application is received. **I. PURPOSE**

Define an applicant's legal name and explain the necessity of the correct legal information for the purpose of reporting and awarding.

**II. POLICY**

Professional Development Incentive bonuses are processed through the Utah Registry for Professional Development in cooperation with Utah State University. Utah State University requires that the Social Security Number and applicant's name match. Utah State University Controller's Office verifies this information for every application.

The applicant's name that appears on the Professional Development Incentive application and any application for which money is included must be identical to the name on the applicant's Social Security Card.

Because the application requires the legal name be placed on each application, the name on the Utah EC/SA Work Force Registry and the award certificate(s) must be in the legal name printed on the applicant's Social Security Card. No other name can be printed on the award certificate.

**III. PROCEDURE**

If an applicant's name and Social Security Number cannot be matched, URPD will contact the applicant for alternative names and possibly require further documentation.

If the Social Security Number and name are verified by the Social Security Card, the award will be processed as usual.

If the Social Security Number and name cannot be verified, the certificate may be issued, but no further monies will be awarded.

- I. **PURPOSE**  
Establish the number of Professional Development Incentives an applicant may receive in one fiscal year.
  
- II. **POLICY**  
Applicants may receive one Professional Development Incentive per fiscal year (July 1 – June 30). Applications to be considered for the current fiscal year must be received no later than May 31. If an applicant does not request a Professional Development Incentive within any fiscal year period, they must wait until their next year's anniversary date of the following fiscal year to apply.
  
- III. **PROCEDURE**  
URPD will verify that each applicant has not received Professional Development Incentive during the current fiscal year, BEFORE processing any applications.  
  
Applications which will cause the applicant to receive more than one Professional Development Incentive will be returned to the applicant with a letter of explanation.

**I. PURPOSE**

To define how the Professional Development Incentive Anniversary date is designated.

**II. POLICY**

The Professional Development Incentive anniversary date will be the first of the month that the initial application is processed, Example, an initial application processed on January 25<sup>th</sup>, will have an anniversary date of January 1<sup>st</sup>. Initial applications processed in the month of June will have an anniversary date of May 1<sup>st</sup>.

Professional Development Incentives are given for continuous employment for the previous year, level of achievement on the Career Ladder and number of PD Incentives received. Because continuous employment for the previous year is required, applicants must have completed the full year of employment before the application can be submitted. Application processing may take up to 8 weeks to process, however no matter when the applicant applies for their incentive, their anniversary date will always remain the same unless there has been more than a 4-week gap in service.

If there is more than a 4-week gap in serve the applicant will need to work one full year again before they are eligible for an Incentive. This could cause an anniversary date change.

Applications that are received more than one (1) week prior to the anniversary date will be returned to the applicant. Returned applications may be resubmitted one (1) week prior to date.

All applications for a Professional Development Incentive must be received by May 31 of each year in order to receive an award for that fiscal year.

**III. PROCEDURE**

URPD will assign the initial anniversary Date only as outlined by this policy.

Applications received more than one (1) week prior to the anniversary date will be recorded and returned to the applicant with a letter of explanation.

**II. POLICY**

An eligible program is defined as a Utah state licensed childcare program that provides child care in lieu of parental care to support working parents. The childcare program must be open at least twelve months a year, five days a week and at least six hours per day. Occasional closures would not cause a program to be ineligible. Examples of occasional closures could include staff training, holidays, vacation time, illness etc. Professional Development Incentive: A Professional Development Incentive recipient must be employed at an eligible program continuously for the past twelve months. If a recipient leaves the child care field and later returns or changes child care programs, they may get credit for their previously documented Professional Development Incentive(s).

A family child care licensee's employment will be determined by the initial licensing date from the Utah Department of Health, Child Care Licensing Bureau Database.

**III. PROCEDURE**

While processing the candidate application, URPD will take note of the applicants "Date of Hire" found in Section 2: Program Identification. To continue processing the application the date must have been more than twelve months for Professional Development Incentive consideration, or if started at a new center must have continuous employment with no more than 4 week gap. This date must be verified by the applicant's employer (Candidate Application: Section 3) or through the Utah Department of Health, Child Care Licensing Bureau Database if the applicant is the program owner or director.

URPD will record receipt of application(s) and reason for ineligibility, and return applications failing to meet the policy requirements.
